

DIRECTIONS FOR ACCESS TO POOLS!

Maps as well as directions to all of the pools that BAC regularly uses for practice. The red "X" marks the entrance to the building. When in doubt, just arrive early and look for other swimmers!

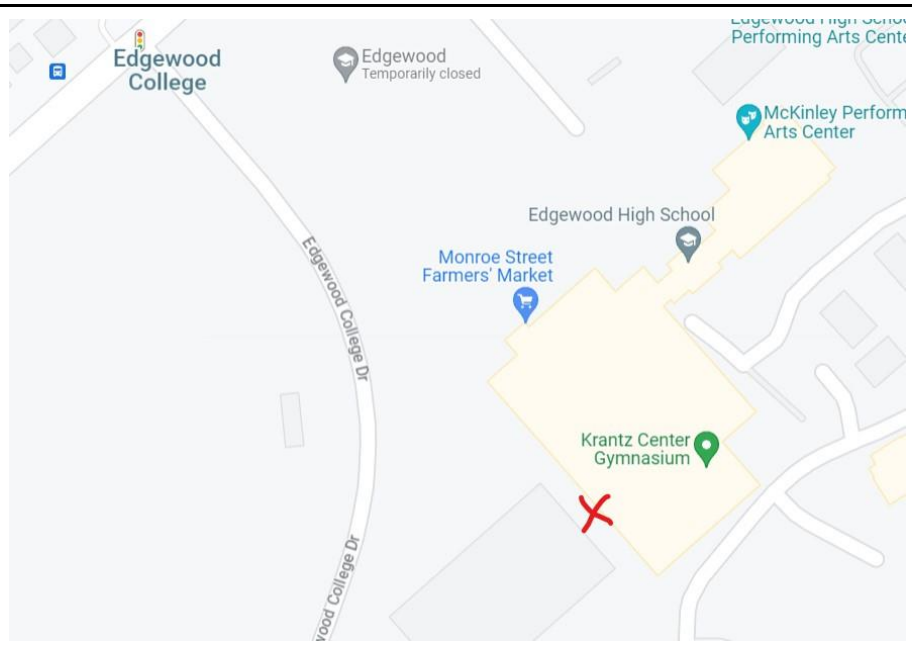

****UPDATED FALL 2024****

Edgewood High School

2219 Monroe St, Madison, 53711

PARKING: Park off Monroe St in the 'main' parking lot in the front of the building.

ENTRANCE: Our entrance is outside and down a level from the parking lot. Head down the stairs to right of the cafeteria & visitor's center. Our door is to the left and leads to the Krantz Center and Athletic Training room in addition to the pool

Madison West HS

30 Ash St, Madison, 53726

PARKING: parking is always tough at West. Street parking and/or drop off are the options

ENTRANCE: As of Fall 2024, the construction (though the map says otherwise) is done!

Access is through the 'Athletics Entrance' off of Regent Street. The pool is all the way to the W at the intersection of Highland and Regent, and downstairs. There is pretty good signage once you are in the building.

**Bob Joers Aquatic Center
@ Middleton High School**

2100 Bristol Ave, Middleton, 53562

PARKING: on the Northeast side of the campus. Very large lot used for the school and the pool

ENTRANCE: On the northeast side of the building. The entrance is well labeled – make sure you do the left-most set of doors as others lead you into a different part of the school

Monona Grove HS

4400 Monona Dr, Monona, 53716

PARKING: Small lot that usually has spaces right by the pool entrance on the north side of the building off of Coldspring Ave

ENTRANCE: The Pool entrance is on the North side of the High School.

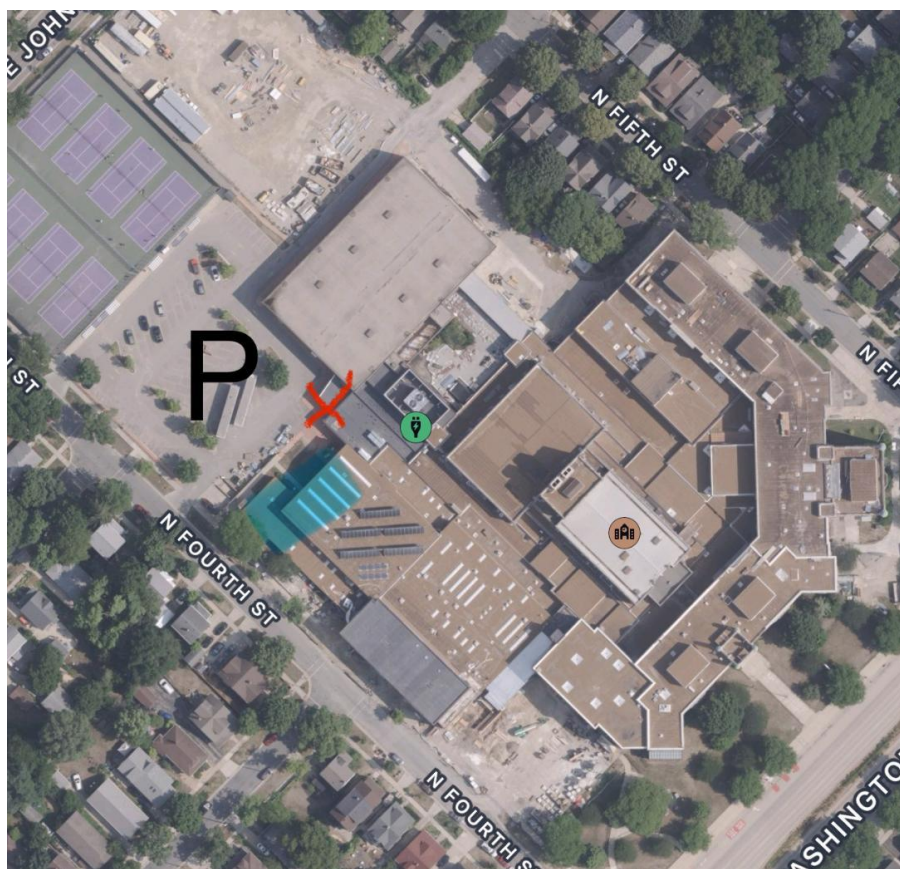

Madison East High School

2222 E Washington Ave, 53704

PARKING: in the 'athletic lot' between the school and the tennis courts

ENTRANCE: We typically go in Door #4, or the 'athletics entrance'. Entrance to the pool is just up the hallway and to the right.

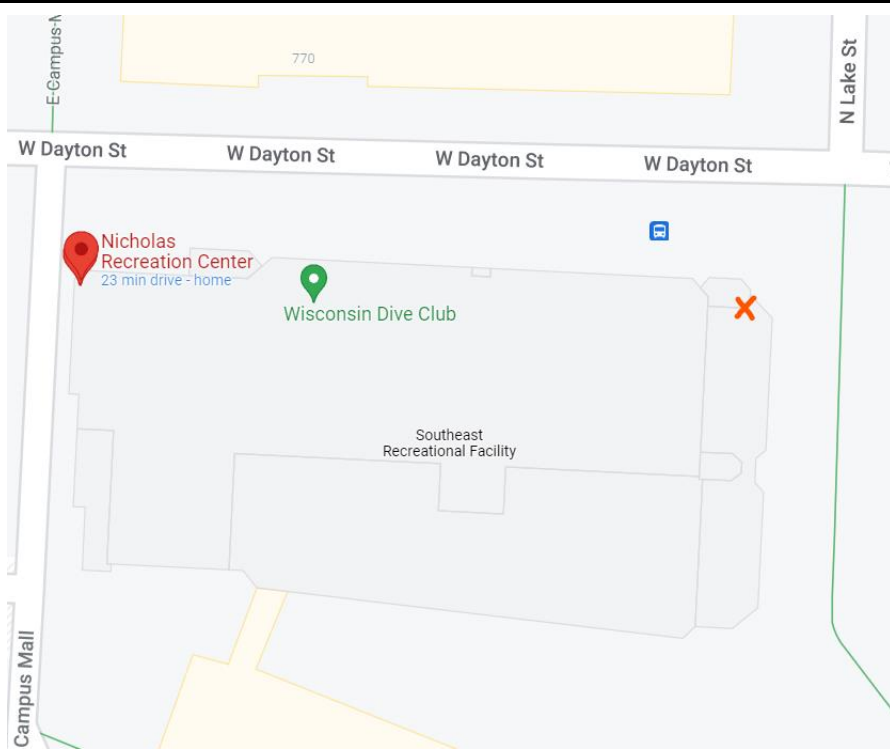

Soderholm Family Aquatics Center @ UW Nicholas Center

797 W Dayton, Madison, 53715

PARKING: Street parking or in nearby parking Garages. A great pool to just drop swimmers off and let them go in independently!

ENTRANCE: The pool facility entrance is on the Northeast side of the building across from Lake street and the Kohl Center lawn.

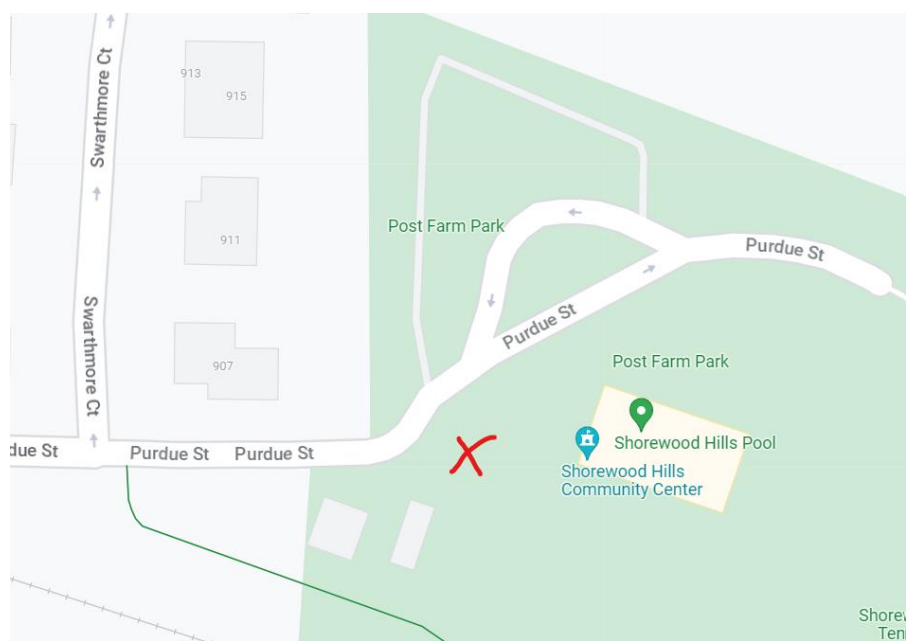

Shorewood Hills Outdoor

901 Swarthmore Ct, 53705

PARKING: dedicated lot with plenty of space. A pool we typically only use in the summer, late spring, or some years the early fall.

ENTRANCE: Typically, we do NOT use the 'normal' entrance through the building. Instead, we open the double gate closest to the parking lot – can't miss it!

Vel Phillips Memorial High School

(formerly Madison Memorial)
201 S Gammon Rd, Madison, 53717

PARKING: Hopefully the lot between VPM and the Middle School to the north. There is also lots of parking to the south of the HS (by the football stadium) but it's a bit of a hike through the building.

ENTRANCE: The 'Field House Entrance' between the large gyms to the north and the rest of the school. Very easy to spot. There should be signage to direct you to the pool and locker rooms.

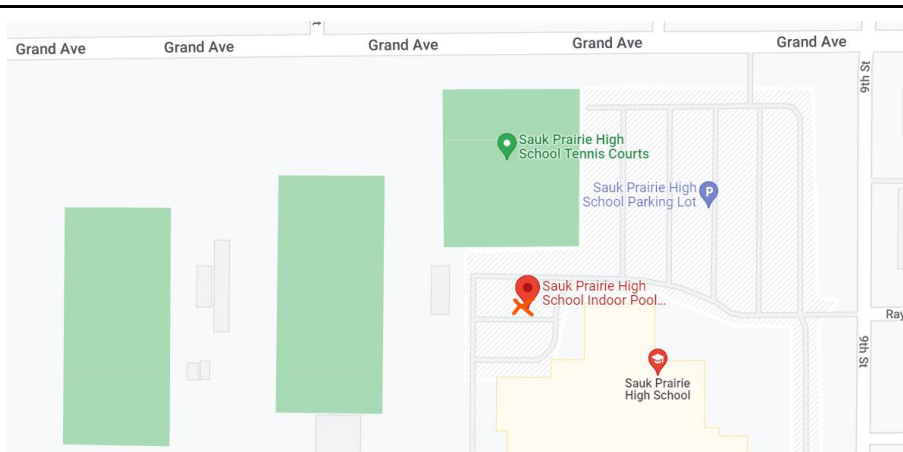

Sauk Prairie High School

105 9th St, Prairie Du Sac, 53578

PARKING: there are lots on the Northwest and Northeast sides off Grand Ave.

ENTRANCE: The pool is on the northwest side of the High School, by the tennis courts. A large glass building that's hard to miss.

Jack Young Middle School - Baraboo

1531 Draper St, Baraboo, 53913

PARKING: Lots of parking in the lot off of Draper St.

ENTRANCE: East side of the building by the parking lot. Very easy to spot from parking lot
