

# NOTE TO COACHES

## Hello Coaches and Team Representatives

Obviously, the LSC sent out a blast yesterday regarding the Single Age State Meet. We wanted to follow up with a note from the meet host so that we're all on the same page. Read through and let BAC know if you have any questions.

### MEET FORMAT (vs 2022)

There are a couple of significant changes from when BAC hosted last year – also at the Verona Aquatic Center

- This year the girl's events are the AM session, the boy's events are the PM session
- The start time on Saturday is still 'later' (9:00am warm-up) but Sunday has been moved to 7:30am warm-up
- Some of the time standards have been made faster and the 200 IM was dropped for the 11s and 12s
- The relays are reconfigured – three relay age groups per gender instead of two

### CORRECTED MEET FILE

We had a slight error in the entry file that was posted initially. (If you downloaded any time after 2pm you got the CORRECTED version.) The issue was the age groups listed with the BOY relays. The relays should be "11-12", "10-U", and "8-U". You can either download the new file now posted, or adjust the file on your own.

### MEET LANDING PAGE

You can find everything about the meet on our Meet Landing Page. Here is what we have posted so far...

- Sanctioned Meet Packet & Event File (updated!) for Coaches
- Participants Letter with basic info for families & this note for coaches
- Information on hotels and from the Verona Area Chamber of Commerce
- Links to the time standards and to the link for our LiveStream

### FEE SET UP

Same as last year, with a per-athlete surcharge but FREE admission for any spectators, FREE Livestream, and FREE digital heat sheets. Be aware that the LSC Tech Planning Committee also raised the IE cost to \$7 per race.

### QUESTIONS AND ESTIMATED TEAM SIZE

If you have any questions – either right now or as the meet draws nearer - please don't hesitate to reach out. Coach Jacob Johnson is also the meet director and can be reached at [coachjacob@badgeraquatics.com](mailto:coachjacob@badgeraquatics.com)

We would also love to hear from any teams that feel they have an estimate on their participant numbers vs last year!

**Should be a fantastic event showcasing the best young swimmers from around the state!**
