

SAUK & BARABOO: NEW SWIMMER EVALS

THANK YOU FOR YOUR INTEREST IN BAC! We're incredibly proud of our reputation across the entire Tri-County swim community and are so pleased that every year we have so many perspective new swimmers looking to join BAC!

Over the years, we've refined how to best take in these new swimmers and make their transition to joining BAC as smooth as possible. We like to have them meet coaches prior to the start of the season, do a few trial practices, and get a feel for our team. We also use the opportunity to make sure that every new swimmer is placed into the best group for them to have success in the pool!

This year we'll be running two different sessions of NEW SWIMMER EVALUATIONS (NSEs) for swimmers looking to join either our Sauk or our Baraboo locations. These are for new swimmers looking to join the team in Fall or Winter* 2025-26. (*We allow swimmers to delay joining until winter if/when there is space. If groups fill in the fall, this may not be possible.) Participating in one NSE or the other is REQUIRED for our new swimmers – we use them to determine group placement as well as who to offer spots to if our numbers are too high.

Over the past several years, we've been really pleased with our growth and our numbers for both our Sauk and Baraboo practice locations. However, one unfortunate consequence of this growth is that there have been seasons where the interest level for certain groups has been higher than we're able to accommodate.

We anticipate that we'll be able to find space for A LOT of interested new swimmers, but possibly not EVERY interested new swimmer :^/

You can see the schedule for the NSEs below. Interested swimmers can sign up for either NSE – we won't fill all of the fall spots during the August NSE, so select whichever works best. Swimmers should plan to attend both days if they're able.

Registration is easy – click the link below or use the QR code:

Email coachderek@badgeraquatics.com (Sauk) or coachjill@badgeraquatics.com (Baraboo) with questions!
