

ACCESSING SHOREWOOD OUTDOOR POOL

Hey BACers

As some of our groups start to practice outside at the Shorewood Hills Pool, we wanted to send a note with reminders on being good users/neighbors of the facility AND on some '2025 specific' access issues in May and in early June.

WE ARE PRIVELEGED TO USE THIS POOL – BE GOOD NEIGHBORS!

We obviously love using this facility – the combination of being able to train outside in the summer AND being able to train LCM is incredibly important for us. We want to be considerate and cooperative users of the pool and – ideally – an 'un-noticeable' presence in the neighborhood. A few things to keep in mind...

- 20 MPH SPEED LIMIT. Once you turn off University Ave, all of the roads in the village have a 20mph speed limit. We HAVE had BAC swimmers pulled over and ticketed (most years actually so please drive carefully)
- RESPECTFUL NOISE LEVELS. This is more of an issue for the early morning practices, but the pool neighbors don't need to hear dozens of kids squealing as they hop into the pool. Also be mindful of how many times you lock your car – we don't need 4 extra honks 'just to be sure' :^)
- NO LOCKER ROOMS 5/23 OR 5/24. Bathroom use only, please change at home!

EARLY 2025 ACCESS DUE TO CONSTRUCTION

If you weren't aware, there was some MAJOR construction (mostly sewerage related) around the pool the past 9 months. And while the pool area itself is largely unaffected, we'll have some access and parking issues for the beginning of the season. Apologies for the low-res maps – [HERE IS A LINK to more information](#)

SWARTHMORE IS TWO-WAY

Normally the block to and from the pool is one-way traffic. Right now Columbia (the 'in road' is closed) so Swarthmore (the 'out road' is two way and no parking

SHOREWOOD BLVD CLOSED IN JUNE

This only affects June 4th – June 6th, but Shorewood Blvd – the entrance to the village – will be closed. Detour signs will take you west to Western and then Tally Ho.
