

SINGLE AGE STATE CHAMPIONS!

We are SO proud of the job our TEAM did this past weekend! Here's a quick look at some of the numbers!

First, we scored 2,777 total points – 428 points ahead of the second place team! That's an incredible achievement!

We have ALWAYS considered victories at these sorts of meets to be TEAM achievements. Not only does it take a lot of swimmers scoring AT the meet, but we celebrate ALL of our swimmers and their contributions to the state title. EVERY swimmer on BAC has helped to push one of our qualifiers and make them better, or made practice more fun and interesting, or serves as a great role model for our younger swimmers!

EVERY BAC SWIMMER WAS A STATE CHAMPION LAST WEEKEND!

Here are a few more numbers to underscore what a team effort this was...

- **129** Qualifiers – maybe the MOST we've ever had for a state meet!
- **118** Participants – by far the most of any team in the state!
- **68** swimmers that scored in individual events – and several more that scored points on a relay!
- **Dozens** of swimmers that made the podium in at least one event
- **5** swimmers that received 'high point awards' by placing top 3 in their age groups – congrats to Coraline, Emma, Sarah, Norah, and Dmitriy!

Excited to continue what's been a great SCY season – GO BAC!
