

SPRING 2025 WEEK 5 EMAIL

SOME NOTES FOR WEEK 5 OF THE SPRING SESSION!

COACH BRIE HONORED BY THE WISCONSIN LSC!

First and foremost, a HUGE congratulations to Coach Brie!! Brie has long been a staple of coaching our Madison Ribbon swimmers – so many BACers got their start with Brie and can trace their love of the sport back to the times spent in her group. And now she's getting the exact type of recognition she deserves! At the most recent Wisconsin LSC meeting, Brie was voted as the SCY Age Group COACH OF THE YEAR!!! There are nearly 500 registered coaches in Wisconsin, around 10 were nominated for this award (shoutout to both Coach Chris and Coach Jon!) and Brie came out as a winner! As with all of our successes, we like to celebrate the individual (yeah Brie!) but also celebrate successes as a TEAM success. Nothing happens in a vacuum, and a lot of coaches and swimmers contributed to Brie receiving this well-deserved accolade! Congratulations Brie!!!

FALL-WINTER 2025-26 SCHEDULE DRAFT

This is for all of you 'early planners' out there. We've attached a copy of a DRAFT of the 2025-26 SCY season meet schedule. It includes the date and notes on each meet we plan to attend. For most out-of-town meets we'll have hotel blocks that are being set up – we'll send another email once ALL of those are lined up!

SUMMER SCHEDULE RELEASED AND SUMMER REGISTRATION OPEN ON MONDAY

Swimming with BAC in the summer is GREAT programming whether you're looking for more serious/robust training, looking to compete in more LCM meets, or just looking to have some continuity and some more professional coaching for your swimmer! We'll have the summer schedule published and registration open on Monday!

JACK PETTINGER INVITE DEADLINE IS TODAY!

Reminder that the deadline for the JPI is TODAY. This meet is generally open to all spring BACers – maybe not an appropriate meet for our youngest swimmers and we may be a bit selective for events for some of our less experienced older swimmers. But generally if you're excited to race LCM in the beautiful UW-Madison Soderholm Family Aquatic Center this is a great meet.

That's it for now. Excited to see so many of us race over the next couple of weekends!

GO BAC!
